In Trust With The Gospel

Elder Keith Ellis

How You Hear

[Mar 4:24 KJV] 24 And he said unto them, Take heed what ye hear: with what measure ye mete, it shall be measured to you: and unto you that hear shall more be given.

[Luk 8:18 KJV] 18 Take heed therefore how ye hear: for whosoever hath, to him shall be given; and whosoever hath not, from him shall be taken even that which he seemeth to have.

Take heed WHAT you hear and take heed HOW you hear.

Physiological Operation official definition.

PSYOP is the dissemination of truthful information to foreign audiences in support of U.S. policy and national objectives. Used during peacetime, contingencies, and declared war, these activities are not a form of force, but are force multipliers that use nonviolent means in often violent environments.

Hahahaha.

The target of a psysop does not have to be a foreign audience, can be used anytime for any reason, or subject. More importantly, psyops do not deal in truth, but with lies. The intention is to manipulate you into believing something is true, when it is not.

Perhaps it is time we thought for ourselves, by the grace of God?

Get into God's word. Ditch the crap the world is feeding you.
